Sculpting imagination through code and digital design

Experience

2017-07

Computational design team member

DesignMorphine

Member of a team of 5 building a 1:1 pavilion exploring kinetic motion on FabFest 2017 in London, UK.

2017-01

Organiser & Assistant tutor

DesignMorphine

Intensive course "Parametric Furniture design with Rhino & Grasshopper v1.0" in Skopje, Macedonia.

2016-12

Assistant tutor

University ss. "Cyril & Methodius" Skopje, Faculty of Architecture

Parametric design & Digital Fabrication workshop "(Re)nest". 1:1 whose outcomes were Waffle structure nests with motion sensor lights.

2016-09

Computational design team member

University of Applied Arts, Vienna, Austria

Spatial installation "Robotic Contouring" in the university atrium (Angewandte Architecture Challenge)

2016-07

Computational design team member

DesignMorphine

Proposal exhibition stand for ETEM & Elval Colour for the BAU 2017 in Munich. Won second place.

2015-06 - 2015-09
