Skills

Experienced in development of concept art, key art and illustration.

Broad range of skills in illustrative and cinematic story telling and design for games, film/TV and print.

Deep understanding of composition, color, light, human & animal anatomy.

Very proficient in both traditional and digital media, concept art, props & background illustration.

Well versatile skills for concept design for both characters, creatures and environments.

I have a curious mind and always strive to learn and increase my visual memory.

Software skills

Adobe Photoshop, Autodesk Maya & Mudbox, Google Sketchup, Z-Brush, Marvelous Designer

Personal

Good planning and organizational skills, strong independent judgment, resourcefulness and self discipline. Manages tight time restrictions well.

Good at keeping deadlines and I enjoy working together with a team. Fun to hang out with.
