Experience

Character Art Director at Ocellus Studio

November 2017 - Present

I supply character and prop designs for 2D & 3D game art assets and facilitate their implementations by providing direction to our team. I'm concerned with maintaining the design appeal for all instances of the characters we create.

Character Designer at Playstudios Asia

April 2017 – October 2017

I joined Playstudios Asia on 'Royal Charm Slots' to design the game's cast. I also designed a number of props attributed to my character designs for this title.
