## TRAINING

**SCREEN PRINTING**  
Glasgow Print Studio

**PAINTING WITH LIGHT & COLOUR**  
Dice Tsutsumi & Robert Kondo

## COMPETITIONS

**SQUARE ENIX -**  
Mooglee Art Competition Winner 2018

# MICHELLE HENDERSON

FREELANCE - DIGITAL - 2D ARTIST

## EXPERIENCE

### TENGU ARTS

FREELANCE - ILLUSTRATION - GRAPHIC DESIGN - ART DEALER  
2014 - Present

Tengu Arts is the creative home of both my freelance and personal art projects. Based online, I've been able to reach clients all over the world. I also create and sell my own products at shows and on my online store.

### SOUNDREL MEDIA

COMIC ARTIST - SOCIAL MEDIA - APPAREL  
2019 - Present

Soundrel Media is an entertainment website, focussing on movies, TV and games through articles and podcasts. I've joined the team to create a new topical comic series to be shared across social media. Previous artwork created for the client features as the sites brand image and is available on merchandise via the websites store.

### VICE & LUNA

COMIC ARTIST - ILLUSTRATOR - PROMOTIONAL  
2016 - 2018

Anime News Network, a popular Japanese culture website hired me to relaunch their weekly comic series 'Vice & Luna'. The comic saw up to 5x the readership from the original strip and ultimately brought more engagement and visitors to the website.

### MY DAD, DEATH

VISUAL DEVELOPMENT - CHARACTER DESIGN - ENVIRONMENTS - 3D  
2016

'My Dad, Death' is a fantasy, sci-fi, adventure written by James Bowers. For the initial project, I focused on visual development by creating various character designs, and environments. I used basic 3D models to set these up, increasing continuity in the final artworks. I then created comic pages, introducing the characters and the world that were then sent to different publishers.

### LOVELY LITTLE THIEVES

CHARACTER DESIGN - ASSET DESIGN - ANIMATION - LOGO DESIGN  
2014

'Lovely Little Thieves' is a visual novel horror game where I worked as lead artist on the project. I created various animated sprites, game assets and promotional arts for the game. I also designed the branding for the game studio 'Pango Dango Games'. Overall my involvement in the project was a success. The art was received well and helped secure the funding for the games production.
