

## About Me

Hello,

I'm an **Italian** 3D Artist based in London, interested in **Game Development** and **Feature Animation**. I'm enthusiastic, eager to learn and extremely hard working. I believe that my previous work and life experience gives me a better understanding of this industry, and I have also developed excellent communication and relationship skills that enable me to be confident dealing with people of multiple cultures. If you would like any more information or to discuss this further, please do not hesitate to contact me.

Skills : Concept Art, Modelling, Texturing, Compositing, Graphic Design, illustration.
