

# WILLIAM NUGROHO

2D Generalist

## Career Objectives

I am a New Zealand citizen and creative seeking employment in a new working environment. As an eager learner, I am ready to try new things and meet new people. Responsible enough to work in a large group or independently. I look forward to further developing my artistic skills to a higher standard. I am a 2D specialist with some experience in 3D. I hope to be a valuable contribution to your team.

## Education

Bachelor of Creative Technologies (Game Art)  
Media Design School  
Auckland, New Zealand  
2016 - 2019

## Contact Info

Area: Auckland, New Zealand  
Email: [Luddeagle@gmail.com](mailto:Luddeagle@gmail.com)  
Tel: +6422100678  
Site: [luddeagle.com](http://luddeagle.com)  
LinkedIn: [linkedin.com/in/will-nugroho](https://linkedin.com/in/will-nugroho)

## Experience

**Personal Projects** (2012 - Present) - As a dedicated creative, I keep my skills sharp by constantly experimenting, starting personal projects, and taking on small commercial projects

● **Project Murcry (2019)** - Made a character set, including a sheet and movement form for a client.

**Course Projects** (2016 - 2019) - While still a student in Media Design, I engaged in projects that required group coordination.

● **Battle Brigades (2016)** - A board game. Created the characters, the card layout, and the general look of the game.

● **Rise of Boreaa (2018)** - A 2D Unity game. It was not a successful project but I learnt a lot from it. Created and animated the character sprites and UI assets.

● **Ghosts VS Punks (2018)** - A 3D Unity game. I created the concept art and the UI elements.

● **Bunny Business (2019)** - A 3D Unity game that was positively received on itch.io and in local conventions. I provided 2D concept art, marketing material, and UI as well as 3D environmental props.

### Work Experience

● **Outstack (Aug 2019 - Jan 2020)** - Interned at the Outstack company to produce vector illustrations for sites of different formats.

## Skills
