## CAREER HISTORY

### Tutor (Casual)

University of Canberra | Feb 2020 - May 2020

- Oversaw 2 weekly classes, presenting and explaining new topics of the 'Creative Life' unit.
- Adhered to strict guidelines and analyzed work while marking student assessments
- Mentored students in 1 on 1 and group sessions, assisting with any struggles.
- Created group activities that I participated in to help create student/mentor relationship as well as make topics more interesting.

## ACADEMIC HISTORY

### University of Canberra

Bachelor of Arts & Design (Honours) | Class of 2019

- Performed research that explored the expressive abilities of stylized game art in comparison to realistic game art.
- Built a framework for creating stylized art
- Conducted formal participant testing
- Achieved a Second Class, Division 1

### University of Canberra

Bachelor of Games & Interactive Design | Class of 2018

- Studied various aspects of game development (Art, Design, Programming)
- Large focus on simulating industry-style team environments, creating collaborative team projects.
- Achieved an Australian GPA of 6.125
